

# 300,000,000 Impressions...and Counting

## Kudos On Your Outstanding Achievement!

**BOUTWELL, OWENS  
AND CO. INC.**

Mitsubishi salutes Boutwell, Owens and Co., Inc. for achieving the production milestone of 300 million impressions on one or more of its Mitsubishi presses. While this landmark accomplishment can be attributed in part to the excellence of the presses themselves, it is also due to the professionalism of Boutwell, Owens and the care this company has shown its equipment. Even through the day-to-day rigors of constant use, companies like this continue to demonstrate the durability and productivity of Mitsubishi presses.

Mitsubishi is proud to maintain, sell and service our equipment. It is Mitsubishi's aim to create presses that will continually work to their highest potential and assist companies who use them in achieving excellence.

**MITSUBISHI  
Lithographic Presses**

Manufactured by Mitsubishi Heavy Industries, Ltd., Tokyo, Japan
